

Mossad's Capture of CIA, MI6 & Other Western Intel Agencies Negatively Affects All non-Israelis

It is a fact that Mossad is the main actor in the human trafficking crisis in the West.

It is also a fact that one of the reasons Mossad is involved in this crime, is ability to use the confusion created, to sneak in their Impostors.

Mossad has embedded their **Sayanim** & **Impostors** in most Western Intel agencies, making them essentially tools of Mossad.

IMPOSTORS: People sent by Israel to different countries while young, present themselves as natives of these countries, while sabotaging these countries from within, in order for them to be CONQUERED by Israel.

What is very strange about this situation is that, Mossad works for Israeli government.

Israeli government cannot function for a month if all foreign aid is stopped.

IDF cannot sustain a serious fight for a week if all military aid is cut.

Yet, Israel uses substantial part of the donations it receives from the West, to fund Mossad, so it can terrorise the whole world, including its financial donors.

Looking back from the perspective of his more than 40 years of military service, former Chairman of the Joint Chiefs of Staff Admiral Thomas Moorer described the consequences of Jewish power vis-à-vis U.S. policy towards Israel, stating that “I’ve never seen a president – I don’t care who he is – stand up to them [the Israelis]. It just boggles your mind. They always get what they want. The Israelis know what is going on all the time. I got to the point where I wasn’t writing anything down. If the American people understood what a grip those people have got on our government, they would rise up in arms. Our citizens don’t have any idea what goes on.”

He also addressed the 1967 Israeli assault on the USS Liberty, saying “Israel attempted to prevent the Liberty’s radio operators from sending a call for help by jamming American emergency radio channels. [And that] Israeli torpedo boats machine-gunned lifeboats at close range that had been lowered to rescue the most-seriously wounded.” He concluded with “our government put Israel’s interests ahead of our own? If so, Why? Does our government continue to subordinate American interests to Israeli interests?”

Mossad uses its Sayanim & Imposters to destabilise poorer countries, making most young people want to emigrate.

They then traffic them to the West.

And the Western security agencies that should know about such crimes, cannot report it to political leaders, because they are in Mossad's pocket.

PROBLEM: When you have a hundred thousand undocumented migrants at the border, seeking to enter the country, how do you stop them?

They have no return tickets to their home countries.

And obviously, the entities who trafficked them to the border wouldn't be there to return them home.

Therefore, even if you block them, they will just wait at the border for an opportune time to cross.

The only way to solve human trafficking/migrant crisis in the West, and other associated problems, is to focus on the source of the problem – Mossad.

Cut all aid to Israel, until they stop their terror activities around the world.

They will have no choice but to dismantle their terror cells spread around the world, because they would have no ability to continue funding them.

People in poor countries affected negatively by Mossad's terrorism have NO leverage against Israel.

But citizens of Western countries that provide financial/military aid to Israel, have the ultimate leverage against Israel.

If taxpayers in the West put maximum pressure on politicians to stop funding Israel until it stops its terror activities, Israel would have no choice but to start abiding by international laws.

Revealed: In 1950s Mossad spies married Arabs to conceal identity

Mossad's Ulysses Project's secret operatives took on false identities, married Palestinians, had children - all while feeding intelligence to Israeli operators

Ronen Bergman | Published: 08.27.13 , 17:17

Uri Yisrael served as a fighter in Caesarea, the [Mossad](#) Special Operations Division, and has a unique record: He lived under an assumed identity for the longest time period – 15 years.

Yisrael and another fighter dubbed "Isaac" (his name is still under censorship) were part of the Ulysses Project – a secret Israeli intelligence project in the 1950s and 1960s.

If Israel is not stopped, the following might happen:

1. More countries in Africa, Middle East & Latin America become banana republics, creating millions of migrants being trafficked to the West.
2. Too many undocumented migrants in the West might end up creating anarchy in several countries.

3. Some Western countries might become completely conquered, ending up with Mossad's Impostors as Presidents/Prime Ministers – Who will stop them?

While a Sayanim can be identified, how do you id an Impostor?

Only Mossad knows who their Impostors are.

And they have a lot of these Impostors in many countries around the world – sabotaging their ‘home’ countries under the radar.

It was one of the Mossad's most daring, complex and longest-running operations. But only now, 37 years on, is the story of a Red Sea diving resort run by the agency getting its moment in the sun.

“Operation Brothers,” which ran for over three years in the early 1980s, was a breathtaking mission. At its heart was the Arous Holiday Village, a small beach resort billed as the “diving and desert recreation center of Sudan.”

According to a brochure distributed to European travel agencies. Arous offered a combination of desert vistas. sandy

The war in Iraq was conceived by 25 neoconservative intellectuals, most of them Jewish, who are pushing President Bush to change the course of history. Two of them, journalists William Kristol and Charles Krauthammer, say it's possible. But another
